Premium Design for Innovative Mobility Solutions

About us :

Design Investment is an international design studio working in the field of transportation and mobility. We work with leading worldwide companies, entrepreneurs and private individuals, in the aircraft, yachting and automotive industry, helping them to develop highly successful products through premium design. We like to challenge our clients' vision with our passion for innovative design, our expertise in high-end premium products and our cross-industry experience to help them making the step ahead in their market. Our portfolio includes the design of VIP private jets, commercial aircraft interiors, VIP helicopter interiors, aircraft seats, aircraft livery, yachts, yacht interiors and interior architecture as well as automotive design for clients such as: Airbus, Air France, Bizjet, Lufthansa Technik, Nereids Yachts, Paolo Verde, PrivatAir, Skybucks Aviation, Urban Zen LLC, Walter Knoll, Xojet and private individuals.

Design Investment's core team of 5 designers, interior designers and architects is supported by a close network of world-class designers and selected technical specialists.
